**COMMONWEALTH OF MASSACHUSETTS  
DEPARTMENT OF ENVIRONMENTAL PROTECTION  
BUREAU OF WASTE PREVENTION  
BUSINESS COMPLIANCE DIVISION**

**NOTICE**

PUBLIC NOTICE OF A REQUEST FROM COMPLETE RECYCLING SOLUTIONS, L.L.C., TO ADD AN ADDITIONAL LAMP PROCESSING UNIT TO ITS HAZARDOUS WASTE RECYCLING PERMIT PURSUANT TO MASSACHUSETTS GENERAL LAW CHAPTER 21C AND MASSACHUSETTS HAZARDOUS WASTE REGULATIONS, 310 CMR 30.000.

**NAME AND LOCATION OF FACILITY:**

Complete Recycling Solutions, L.L.C.  
1075 Airport Road  
Fall River, MA 02720

FACILITY I.D. NUMBER: MAD980915755  
FACILITY PERMIT No. 2RC/2008

**PROPOSED:**

Complete Recycling Solutions, LLC (CRS) is a lamp processing facility located at 1075 Airport Road, Fall River, MA, operating under the terms of a Hazardous Waste Recycling Permit No. 2RC/2008 issued by the Massachusetts Department of Environmental Protection ("MassDEP") on March 11, 2008. The company proposes to add an additional fluorescent lamp processing unit and continue its operation at the Fall River, MA address. The additional unit will not result in any change in the facility's present permitted operating capacity. CRS has requested the additional unit be authorized in its current permit renewal application that was filed with MassDEP on November 26, 2012.

A Draft Renewal Permit has been prepared by MassDEP that incorporates the additional processing unit. MassDEP has prepared this public notice to notify interested parties about CRS's request to add the additional lamp processing unit. The public has sixty (60) days to comment on the addition of the unit into the renewal permit.

PUBLIC COMMENT:

Any member of the public wishing to comment on the proposed additional lamp processing unit may file written comments during the public comment period that will extend from June 24, 2013 to August 23, 2013. Written comments should be submitted to:

Al Nardone, Environmental Engineer  
Massachusetts Department of Environmental Protection  
Bureau of Waste Prevention  
Business Compliance Division  
One Winter Street, 7th Floor  
Boston, MA 02108

If during the comment period or within 15 days of the close of the comment period MassDEP receives a written notice requesting a public information meeting or if MassDEP determines on its own that there is significant public interest on the additional unit, MassDEP will schedule an informal information meeting.

A Fact Sheet that describes the company, its operation, and the additional lamp processing unit to be operated under the terms and conditions of the renewal permit is available for review at the Fall River Board of Health, the Fall River Public Library, the Department's Lakeville and Boston Offices and on the MassDEP's website at <http://www.mass.gov/eea/agencies/massdep/news/comment/>. Anyone wishing to examine the Fact Sheet may do so at these locations. Interested persons may obtain information regarding the additional unit by contacting Al Nardone at MassDEP's Boston Office at (617) 292-5580 or by calling Keith Boyea at CRS at (508) 402 7703. CRS's compliance history during the life of the permit is available from Al Nardone upon request.

FINAL DECISION:

MassDEP will consider all written comments regarding the additional lamp processing unit received during the comment period; all comments received at the public information meeting if held; and the requirements of the Massachusetts Hazardous Waste Regulations, 310 CMR 30.000. The Department will then make a final decision on the inclusion of the additional processing unit in the renewal of the hazardous waste recycling permit to Complete Recycling Solutions, LLC. A notice of the decision will be sent to the applicant and to each person who has submitted written comments, or has otherwise requested notice of the final decision. If no comments regarding the inclusion of the processing unit into the renewal permit are received, a final permit decision will become effective twenty-one (21) days after the date of the notice of the decision. The final decision will be postponed if a request for an adjudicatory hearing before the Department is made within the twenty-one (21) day period.

For additional information, contact Al Nardone at the MassDEP's Business Compliance Division at (617) 292-5580.
